

## **DO YOU KNOW YOUR NEIGHBOR?** Fun ice breaker party games!

Have each guest introduce themselves to someone they do not know, or do not know well. At the very least, make sure you do not pair up family members. If there is an uneven number of guests, use your hostess as well. After giving them a few moments to get to know one another, (encourage them to ask each other questions) have each pair stand back-to-back, facing away from one other.

Hand each guest an index card and ask the following questions. After all questions have been asked, have them return to their seats and mark their answers right or wrong. Most correct answers wins.

- What color hair does she have?
- How many rings does she have on?
- What color clothing is she wearing?
- How many children does she have?
- Is she wearing pantyhose?
- How old is she?
- Is she wearing shoes or sandals?
- Does she have on earrings?
- Is she wearing buttons?
- Is she wearing a watch?
- Does she have nail polish on?
- Does she have a necklace on?
- What type of television show does she like?
- What color are her eyes?
- What is her husband's name?
